LEGEND

SAM,  
It will be  
a new experience  
to write something nice,  
but I'll try. Remember,  
all the good times we've had  
together during the past year, were  
worth while doing that they taught me  
a lot. Never forget all our little talks & fights  
Dot. I think in your goal of being national  
leader, or should I say bigger  
when you win you can send me a  
card from Kansas City and in return  
I'll send you a card from Chicago. Tell me the results and I'll  
be sure to behave myself in Chicago. When I get my  
don't get lost. You'll never forget me but please  
Don't ask to drive up and give me a ride. Be good to a great  
best of luck to a great home fun  
I'll be good to a great home fun

Hazel Lipton

God, the very best always  
to a real real sweet and  
wonderful person. Remember  
all the fun we had this  
year in FFA and  
standwater! Good luck in  
next year! Especially in  
FFA! May God  
bless you!  
Love & Luck  
Jodi

WORTH  
SCHOOL

Hazel,  
Always remember  
our happy gym class.  
We'll just have to  
get in the same one  
next year. Best of  
luck always!  
Diane

# DEDICATION

We dedicate the 1964 LEGEND to a man who has been a friend to kids and faculty alike. As former head custodian, Claude Bailey was always ready and willing to extend a helping hand or a cheery smile. Words cannot express the deep appreciation that the faculty and students of Letchworth Central School hold for Claude.

ADMINISTRATION

# Administration

We, the Class of 1964, would like to thank the Administration for their kind guidance and assistance throughout the year. The true sense of values that we have acquired is evidence of their guidance. They have taught us to set our goals high and to face the future outside these doors with assurance.

ROW TWO: Becky Kingsley, special features editor; Elaine Davis, typist editor; Don Myers, Terry Stenson, business managers; Jeanette George, photography editor.

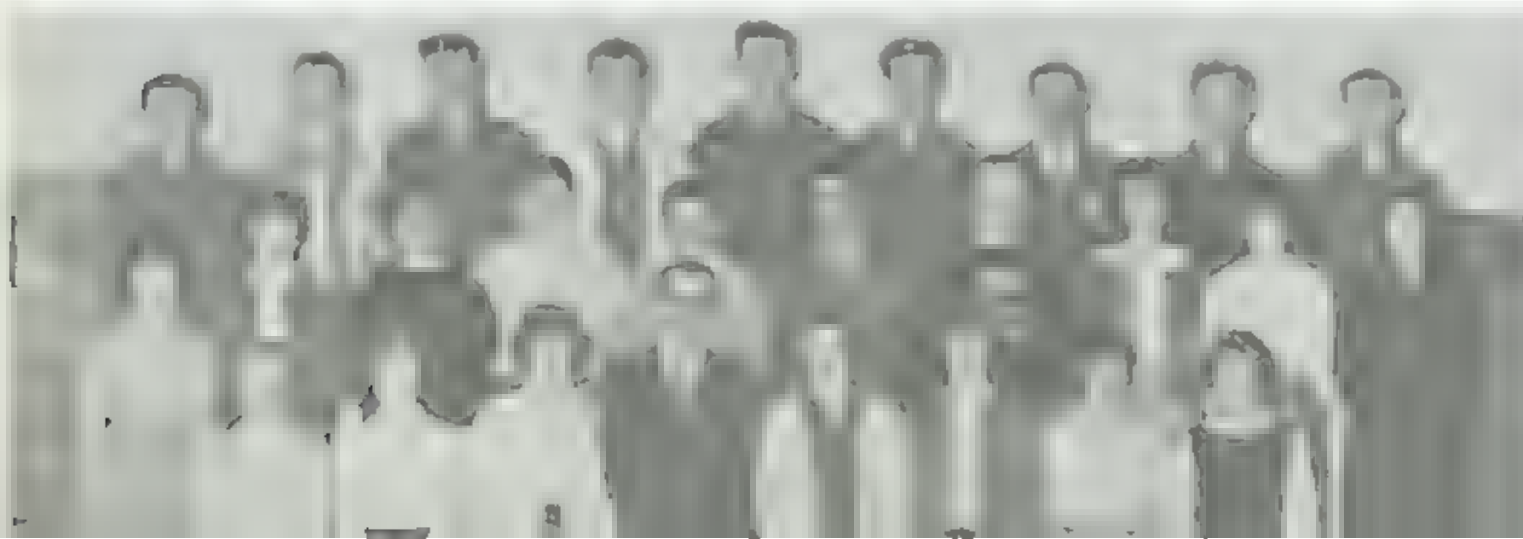

In developing the theme "Exploration of Life through Science," the Legendstaff SEEKS to portray the advancement of scientific knowledge in the past decade. The exploration of outer space, the development of nuclear energy, the progress of medical science and the probing of the human mind have left today's student somewhat perplexed. We wish to remain attached to, aware of, and involved in this age of human progress. In this annual the division pages preceding each section have been designed with the evolution of scientific development in mind. We wish to thank Mr. Arthur Tamrowski and the advertising design class for their inspiring assistance.
